

USER MANUAL

Warning: Turn power off before manipulating the strip

12V Installation: Turn the power supply off using the control panel.

Your kit includes:

- 24-foot LED color « strip »
- White « extension » wire
- Color « controller » with remote control
- « 120V adapter » or « 12V connector »

Step 1: Plug in the 12V power supply (if required) (for a 120V plug-in, go to step 2)

- a) Turn the power off.
- b) Link the red (or brown) wire to the positive current.
- c) Link the black (or blue) wire to the negative current.

Step 2: Test the strip ****DO NOT BEND THE STRIP****

- a) Plug the strip to the white extension wire.
- b) Link the extension wire to the controller.
- c) Link the controller to the power and turn on with the remote control.

If some section of the strip does not turn on or the color doesn't match, please advise us.

Step 3: Installation of the LED strip ****DO NOT BEND THE STRIP****

- a) Turn the power off.
- b) Make sure the location where you wish to install the strip is clean and dry. Make sure that the connectors match.
- c) Determine the exact location before you remove the tape on the back of the strip. Add glue if required.
- d) Cut any extra length with scissors by cutting along the dotted lines. Apply an all-purpose sealant in order to prevent the infiltration of water and dirt.

Plug in and enjoy your new LED lighting!

PRODUCT WARRANTY

EcoSolPlanet Inc. ("ESP") guarantees the color LED strip kit to be free from defect in materials and workmanship under normal usage and operating conditions for 2 years **excluding the following**:

- The tape on the back of the strip;
- In a situation where the strip has been bent or damaged.

IF YOUR STRIP STOPS WORKING, DO NOT REMOVE THEM. Follow these steps:

1. Verify the electrical connections. For the 120V kit, check if the light indicator on the adapter turns on when it is plugged in. If the light indicator does not turn on, contact us.
2. If the strip is properly plugged in and still not working, contact us.

If the product fails to perform due to a defect in materials or workmanship during the warranty period, ESP will repair or, at ESP's option, replace the merchandise with the same or comparable item.

ESP shall have no responsibility or liability whatsoever for damage or injury to persons or property, or for other loss or injury resulting from any cause whatsoever arising out of or related to this product.

This warranty starts on the date of purchase. In each case, ESP could not be responsible for more than the retail price paid on the purchase by the end customer.

To obtain warranty service, you must first contact ESP to obtain an authorization number. If you did not register your product, you must provide an original dated proof of purchase. The defective part or unit must be returned, at the purchaser's expense, to the purchase location or a location determined by ESP. Please include your name, address and phone number on any shipment.

WARRANTY REGISTRATION: Send us a copy of the dated proof of purchase with your name, complete address, email address and phone number:
